

## **2020/2021 SACAI ACADEMIC RECOVERY PROGRAMME – COVID-19**

### **2020/2021 SACAI AKADEMIESE HERSTELPROGRAM – COVID-19**

Please note the following: / *Let asseblief op die volgende:*

- SACAI's academic instruction is that there is no trimming of curricular content for Grade 10 – 12. SACAI's registered NSC Institutions are predominantly up-to-date with teaching and learning. / *SACAI se akademiese instruksie is dat daar geen vermindering van die kurrikulêre inhoud vir Grade 10 – 12 sal wees nie. SACAI se geregistreeerde NSS-instansies is meestal op datum met leer en onderrig.*
- The June examination for Grade 10 – 12 will be disregarded for the 2020 academic year. SACAI will code this component with 999 (valid reason) to ensure that the calculation for the SBA weighting is done correctly for moderation process and statistical moderation. / *Die Junie-eksamen vir Grade 10 – 12 sal nie in ag geneem word vir die 2020-akademiese jaar nie. SACAI sal hierdie komponent as 999 (met geldige rede) kodeer om seker te maak dat die SBA-gewigte reg bereken word vir modereringprosesse en statistiese moderering.*
- SBA moderation for Grade 10 – 12 will be done online. The SBA moderation coordinator, Ms. Jorandi Scholtz, will communicate the process via Assessment Instruction in due course. / *SBA-moderering vir Grade 10 – 12 sal aanlyn geskied. Die koördineerder vir SBA-moderering, me. Jorandi Scholtz, sal binnekort die prosedures vir hierdie proses deur middel van Asseseringsinstruksie kommunikeer.*
- SACAI is still awaiting the 2020 NSC designated examination centre approval as per Umalusi concession. Green Independent schools' examination centres received Umalusi approval in writing. Due to the lockdown period and outstanding health- or fire certificates, the approval process for designated examination centres was delayed. / *SACAI wag steeds op die 2020 NSS-eksamenlokale wat deur Umalusi goedgekeur is. Groen onafhanklike skole het reeds Umalusi se goedkeuring ten opsigte van hulle eksamenlokale op skrif ontvang. As gevolg van die grendeltydperk en uitstaande gesondheids- en brandserfitikate is die proses vertraag.*

COVID-19 is spread by fluid droplets when coughing, sneezing, shouting and speaking. Healthy individuals can be infected by a person who has been infected with the Corona Virus before symptoms occur, during illness and for a short period of time after they have recovered. Researchers estimate that around 44% of infections are passed on by people who are not showing any symptoms. / COVID-19 word deur vloeistofdruppels versprei wanneer iemand hoes, nies, skree of praat. Gesonde individue kan deur geïnfekteerde persone met die Koronavirus geïnfekteer word alvorens COVID-19-simptome ervaar word, gedurende die siekte asook vir 'n tydperk nadat die pasiënt daarvan herstel het. Navorsers beraam dat ongeveer 44% van alle infeksies deur persone oorgedra kan word wie geen simptome toon nie.

**The following are the 5 golden rules to prevent the spread of the coronavirus: / Die volgende 5 goue reëls kan help om die koronavirusspreiding te beperk:**

1. Separate yourself physically from other people: / Probeer om jousef fisies van ander te distansieër.
  - By staying away from groups of people as much as possible. / Bly weg van goeie mense so ver as moontlik.
2. Physical distancing when around other people: / Handhaaf 'n fisiese afstand wanneer tussen mense beweeg:
  - Keep a distance of at least 1,5 meters (2 arm lengths) from others. Do NOT shake hands, or hug, or fist bump, or elbow bump. Keep your distance. / Handhaaf ten minder 1,5 meter afstand (ongeveer 2 armlengtes) van ander. MOENIE handskud, druk, vuispompe of elmboogpompe gee nie. Behou jou afstand.
3. Hand washing / sanitising: / Handewas / ontsmetting:
  - Regular handwashing with soap and water for 20 seconds. Alternatively rub hands with an alcohol-based hand sanitiser. / Algemene handewas met seep en water vir ongeveer 20 sekondes.
  - Wash hands after touching people, surfaces, objects. / Was hande nadat aan mense, oppervlakke en ander items geraak is.
4. Practising good hygiene measures: / Handhaaf goeie higiëne:
  - Cough or sneeze into your elbow or a tissue and then put the tissue in a bin and wash your hands immediately. Do not touch your face with unwashed hands. / Hoes of nies in jou elmboog of in 'n sneesdoekie en plaas die sneesdoekie dadelik in 'n asblik en was jou hande onmiddellik.
  - Wear cloth face masks. / Gebruik gesigmaskers wat van lap gemaak is.
